

JIM CUNNINGHAM

A long-time member of the KCMSSL, Jim served on the Board of Directors and was the league treasurer for several years. He always was among the first to volunteer at the picnics, at tournaments and for other league needs. It was Jim's idea to start the woman's conference, and he worked very hard to get it going.

Jim also founded the KC Diamonds, which has been a competitive men's team in our Thursday night conference for many years. Through the Diamonds and the women's conference, Jim brought many new players into our organization.

Jim truly loved the game of softball and this association. Above all, he was a good friend to everyone, a great sportsman and a true gentleman.

Jim, who died in 2018, is missed by the many people whose lives he touched.
