

We are sad to announce the passing of Robert (Bob) Smith on February 28, 2021.

Bill Klinkenberg mentioned that Bob moved into the Kansas City area between 10 to 15 years ago and played for the Antiques and various draft conference teams.

Teammate Doug Wilson also mentioned that Bob played as an infielder (third base and shortstop) and that he last played in 2019.

Bob, 86, had been battling an incurable blood disorder disease.

Also per Bill Klinkenberg, there will be no services in the Kansas City Metropolitan area and that Bob's ashes are expected to be spread on the Jersey shore.
